USER MANUAL

Thank you for choosing Better Bathrooms.
Please read this manual before installing your product and keep for future reference.

better bathrooms

Generic toilet seat

Installation

Single-person assembly

- Tools required
- We always recommend using professional tradespeople to install your product

1.Insert the fitting including plug and screw into the hole on the toilet

2.Tighten the screws but not to the end in order to adjust the seat cover properly

3.Locate the fitting pins into the seat holes, once positioned correctly, remove the seat by pressing the button.

4.Once positioned correctly, tighten the screw fully and fit fixing cover

5.Fit the seat onto the fixing pin and push down until it clicks into position

6.Press the button down and pull up to easily remove the seat for convenient cleaning.

Cleaning

To maintain the surface finish of your product, wipe clean after every use, using a clean damp cloth, a mild detergent mixture can be used. Do not use abrasive cleaning agents or materials which can strip and scratch the surface; the use of these agents or materials can invalidate your guarantee.
