Congratulations on your purchase

And welcome to our growing gang of savvy shoppers

We're on a mission to bring you extraordinary bathroom products, for less. From modern to traditional style ceramics, plus the gorgeous fixtures, fittings and furniture to match. So, you can fall in love with your space every single day.

As one of the UK's largest independent bathroom stores, we've received countless awards; including the National Business Awards UK, the Digital Entrepreneur Awards and being placed on The Sunday Times Fast Track 100.

We hope your new product exceeds your highest expectations. However, if you experience any problems, please:

- call our friendly UK call centre on **03303903062** (9am-7pm Monday to Friday, or 10am-4pm Saturday and Sunday), or
- send us a message via **customerservices@buyitdirect.co.uk**

Important information

- Please read these instructions thoroughly and retain for future reference
- Always check for pipes and cables before drilling walls

Parts / Diagrams

WALL PLUGS (X3)

SCREWS M4(X3)

PLEASE NOTE : It is the installers responsibility to ensure that the fittings are suitable for the type of wall. Alternative fittings may be required (Not Supplied). If unsure professional advice should be sought.

HAMMER

8mm DRILL BIT

PENCIL

Installation

At the back of the mirror, there are 2 hanging hooks spaced across the top. To hang the mirror, two holes are required in the wall. Before drilling, ensure that no wires or pipes are behind the wall. If unsure, seek professional advice.

1. Measure the distance between the centre of the two hanging points.
2. Make a note of the distance and mark their position on the wall. Use a spirit level to ensure that the marks are level.
3. Drill the 2 holes into the wall at the position marked using a suitable drill bit.
4. Insert the wall plugs into the holes.
5. Insert the screws into the wall plugs, ensuring their heads are protruding by approximately 3mm.
6. Check to ensure the screws line up correctly and the mirror can be safely hung from them.
7. Carefully lower the mirror onto the 2 screws, ensuring that it is secure and will not slide.

CLEANING AND MAINTENANCE

Never use products containing bleach or abrasive cleaners, as these will have a detrimental effect on the appearance and lifespan of the product. Use a clean micro fiber cloth to clean the mirror.
